

Item 22

Annual Council - 8 May 2025

General Power of Competence (GPoC) Declaration

1. Introduction

- 1.1 The Local Government & Elections (Wales) Act 2021 (Part 2, Chapters 1 & 2) <https://www.legislation.gov.uk/asc/2021/1/part/2> outlined the eligibility for a Community Council to have the General Power of Competence (GPoC).
- 1.2 The GPoC permits qualifying authorities to do “anything that an individual generally can do”. It is a power of first resort which means that a qualifying authority does not need to rely on specific powers in legislation to do something, so long as what is intended is not otherwise prohibited. The use of the GPoC is subject to restrictions and legal requirements which are outlined in the Statutory Guidance.

2. What is the General Power of Competence (GPoC)

- 2.1 The GPoC enables eligible Community Councils to act in their communities’ best interests, generate efficiencies and secure value for money outcomes. The general power of competence gives eligible community councils the same powers to act that an individual generally has, thus enabling them to do similar sorts of things.
- 2.2 The GPoC allows an eligible Community Council to engage in commercial activity if it sets up a company or co-operative society for this purpose. The kinds of activities that the GPoC could be used for includes:
 - Lending or investing money e.g. to support village or town activities, or to support and generate local businesses.
 - Providing discretionary support and activities e.g. taking over youth facilities or offering organised support (such as reading/numeracy assistants to schools).
 - Generating and selling green energy.
